Dear General Pitt-Rivers,

I have to-day seen Mr.  
Loring of Hinton in reference  
to the church yard there, the  
difficulty seems to be that in  
consequence of the pieces of land  
offered being dis-connected from  
the present church yard it is a  
question whether they will not have

to form a Special Board & have a  
benefit there if so? this will be  
a large expense for a small  
District & of course it rather frightens  
them, I have pressed the matter  
on the Comrs and he has  
promised to get a final opinion  
from their Solicitor to-morrow or  
next day.

I have this morning a  
letter from Mr Dile in reference to

continuing his Summ & I also had  
a long interview with Mr Watts  
as to the Summ on Friday & I  
am to hear decidedly from him  
to-morrow or Wednesday and I shall  
therefore go to Rushmore on Thursday  
if quite convenient to you & shall  
then hope to be able to speak to  
you on both cases, as I want  
hear further from Mr Dile before
