

(B363)

Sturminster Newton,

Dorset 14th Decr 1889

Dear General Pitt-Rivers,

Answer it seems

mis-understood me as to the
price of Stong although I gave
him the alteration in writing,
it was to be 90⁰/₂ a ton in
September month and 85⁰/₂ a ton
from the end of that month &
this is the price he was to charge

this is the price that Stuy dealers
are now charging for prime Stuy
delivered at Stables, of course
inferior Stuy can be bought less.

The alteration as to the accounts
that we had arranged will in
future enable them to be completed
by the last day of December and
this can be the time for sending
them in but as regards this year
as I have only just heard of my

alteration of time it will I fear
be impossible to complete them
by that time, if it can be done
it shall be but if I must a
week or two beyond this I must
have it.

I remain

Yours obt. Servant

Alfred
