October 8: 1892

General Pitt Rivers!

Sir!

Mr Creech has written about some debt due, & I am desirous of writing you on the subject and hope you will excuse my doing so. - I had told Mr Creech that I could not possibly pay more than 500 £ for the two years if I was compelled to stay on the 2 years and which I could not present because my notice then was always too late till this year. I am writing to have the matter settled up at once if you would consent, for one reason that I am

as to it so that I may know how  
money matters stand with me.

I am asking you to consent to my  
paying 500 £ now at once in one  
payment and to exonerate me from  
any further claim. I will also pay  
the year's Rents now due to the  
Rector here, as also the Taxes which

you to accept my offer and the matter  
shall then be settled at once. -  
I am glad to find that the Farm
