To Sir

I should you be wanting any work done at the Harmer Ground or any where on the Estate by Public Contract or private or measurement as I have heard the report that Buildings was going to be done at the Harmer tree Ground by Public Contract if it where I venture to offer my services to try & compete with others both in Price & Workmanship so that if there should be work to be done of any kind in the Building line at any time or place I should feel greatly obliged if you would give me a chance
