Sirs,

There will be a line of 100 feet in one length, which will require a back of the same construction in every respect as the one you made for me at the Hotel at Farnham. The other 100 feet will have three bends in it, and will not require a back, as it will be against a wall. It will be 103 feet measured along the ~~w~~ back.

Both are to be put up at the Rookery Farm, close to the Larmer Grounds.

Yours, &c.,

A. Pitt Rivers.

Please go on with it at once.
