General Pitt Rivers,

Rushmoor, near Salisbury.

Sir,

We have much pleasure in sending today packed in one box and carriage paid, a few sample vases addressed to you at Tisbury Station till called for. We regret that we have not been able to send some better and more elaborate articles. We have however only commenced this department a few months. Had the notice been longer we should have been able to have done something specially. We trust however on a future occasion if we might be allowed to send something that the assortment may be more varied and of a higher art merit. One of the vases is a ruby lustre; the production of this class of ware we have given a great deal of time and attention to. We enclose in the box 2 or 3 cards if you wish to place anything against the articles to identify them with us.

We are, Sir,

Yours faithfully,

Sept 20th. 1895

Mr Harold Gray,

Rushmore, SALISBURY.

Dear Sir,

Your favour duly to hand for which we thank you. We are pleased to hear that General Pitt Rivers purposes permanently exhibiting the specimens we sent. As they were of so simple a character we should be very glad if the General would allow us to make no charge. The exhibiting will doubtless be to some extent an advertisement for us. We are making some more elaborate articles of the same description and we hope on a future occasion if we are asked to send anything that our specimens may be of a higher merit.

We are, Dear Sir,

Yours faithfully,
