Sir I have on many occasions at request
of my customers reproduced in my Oriental & other
articles of Jewellery which have been so perfect
in resemblance that it was impossible to distinguish
them, I shall be glad to undertake any reproduction
you may desire - first giving you estimate and
full particulars!

On the other side I have given a
rough suggestion of a Pearl & Brilliant Head
Ornament - I shall be glad to have your permission
to prepare a proper design showing every detail
from £100 to £1000. The work can be shown you
in progress. if you will favour me with a visit
to my workshop. where I have always number
of workmen. the pearls & principal diamonds
can be laid out in wax in addition to the
design which would enable you to see the effect.
Being my own work I can guarantee

as fine as any house in London. & much less in cost
- my outline is very rough just to enable you to form
some estimate of the appearance.

The owner accepts your offer of 15 guineas
for the Gold Broomal bracelet.

I am Sir your obedt Servant
James Hayward
