Dear Sir

Your favour to hand. I send herewith the
sketches you have selected - I am obliged
by your selection. I trust that you will think the
price reasonable.
I also send a few more things; I have
come across for your approval. I am glad

to find that you are
better.

I am collecting a highly
interesting & most curious collection
of tools &c from an old piece
of ground at the mouth of
the Waude - 12 feet from the
surface - covered by an old
mill for at least 150 years.
I have 98 already. chisels
hammers gouges &c &c. I will
send a full list when I can
get no more.

Dear Sir:

I have just got enclosed coin of
Addedomaros. which is rare. I can take
50/- for it - which is less than half
the list price of it. - locality not known.
I also enclose the rest of the Wandale photos
which are selections of the better types of the

look to

Some of the things are known.

are the first known things
of that period
found here.

I am

Yours obediently
