Blanford

31st October 1885

I hereby certify that I have
this day at the request of
General Pitt-Rivers examined
a bay gelding and I find
that the said gelding has
a Bog Spavin of the off hock
and splints of each fore
leg, these defects are of some
standing and render the
said gelding unsound
He is rising four years old

General Pitt-Rivers

Sir,

I regret to say your carriage horse is lame from concussion of the Coffin joint of the off fore foot, probably caused by stepping on a loose stone - He is so very lame that he cannot walk home and I fear it will be some considerable time before he is fit for work - I will do my utmost for him and write again in a few days

I have the honor to remain

Sir

Your obedient servant

5th January 1887

I certify I have examined
a grey gelding for
General Pitt-Rivers &
I find that he has upright
fore & posterior joints which
show work, and is very
objectionable in a horse
rising five years old
