

Sturminster Newton,

Blandford 29th Sept 1884Monday evening

Dear General Pitt-Rivers,

I am glad to say
 that I have up to this time
 this evening only had one other
 complaint threatening a notice
 that is from a very small
 holder named Smart at
 Wimborne who wants a
 reduction of £7 a year but

When writing to-morrow morning I will
give full particulars - I do not
have expect further notices as there
are only some 3 or 4 who can
legally give notices -

I have gone fully into the
matter of appealing with the
Barrister to-day & shall be in
a position to let you know
as to this on Wednesday -

Yours very obedt Servant
Alfred
