

We shall not get to
the Roman work for
some years yet, and

before then, when
probably I shall have
gone to join my old
friends the Ancient
Britons, I hope it will
have been adequately
examined and thought
out by a competent
person.

I hope you are keeping fairly
well. Yours sincerely
W. Greenwell

My dear Pitt-Rivers

Some time ago
I sent you the
certificate of Mr.
Boznton, asking
you to sign it and
forward to, if I
remember, &c.

Lynes, of Doncaster.

Law afraid it has
miscarried, as Dr.

Lynes has not received
it.

I have been occupied
principally, for some

time past, with a

History of Northumberland,

which is being brought

out, under the direction
of a Committee. It is

proposed to do it in
12 volumes Quarto, of

which one has already

appeared, at a

Subscription of £100

a year. We have got

an extremely good

Editor, and I think

the first volume will

show that the completed

History will be quite

worthy of the County.
