

which is only 15 minutes farther
on - If you come by ~~numbers~~
you leave Victoria at 8.30
P.M. - Fleeting somewhere about
6.45 - Utrecht 9.20, but
then unfortunately you have to
wait till 11.11 for the local
train to Zeist & Niebuysen -
where as by the Hoek line
you can get to Utrecht in
time to catch the 9.15 local
train & not have the tedious
long wait in Utrecht -

How good bye, I do so hope
we will come - it would
be such a great pleasure
having you here - Always
Your affec^t friend Ethel Labouchere

Holland

Dear General Pitt Rivers

I have just heard
that you are thinking
of going abroad and
I must quickly write and
tell you how tremendously
delightful we should think
it if you would come &
stop with us - I feel very

humble about
asking you as we have no
improvements to offer, & this
is such a tiny little house
near the road with no grounds
or anything, I hope you
would not think it too
dull. — but it would be
nice if you came &
Holland is so small, that
from here you could
easily get to any corner
of it, if there were

any town or place you wanted
to see — and the country is
looking so lovely just now —
I must tell you about the
trains as I hope you may
be starting, quite at once,
I don't think it makes much
difference which line one
takes North of Holland & Hermit
or Inceboers, & looking — I
always take the latter, which
ever way one comes one must
book to Utrecht & from
there re-book to our little
station Geist-Driebergen
