My dear General,
Thanks for your
Short Guide which is duly
appreciated. I wrote L W
Wick when I received your
letter but have not heard
from him - twice, but I dare
say he is taking measures
about it. I am in communication

with the Ecclesiastical Councils
about this living. They have
refused to augment it, though
I have raised the value of it
£60 Per Ann.

However I will change my
self with the matter of the
piece of wood which you
desire & will not let it
drop till I hear some
thing definite from them
It is of no use to the
living & whatever it

might fetch the interest would
be of some value to the
~~Living~~ Incumbent
I fear for the next two months
that little can be done & it
shew you how slowly they
move the present occupier
has heard nothing for them though
the life dropped some six or
eight months ago. -

I hear that Pinders have
been advertised for a
Mail Cart to run from
