CHALBURY RECTORY,

WIMBORNE,

Aug 23. 1894

Dear General Pitt Rivers

I am sorry for the
delay in sending you a
short descriptive label
for the hats & bonnets
I brought from the West
& East Coasts of India
& now forward them,
hoping they will be sufficient
for the purpose.

I also send you an
axe head, given me by Mrs

Rivett Carnac from
 somewhere near ~~Shazipur~~
 as well as two curious
 tokens taken by him
 from a Buddhist tope
 which he opened. He
 has now come to England
 for good & is at 40
 Green St, Park Lane
 & would give you a few
 further specimens of
 the kind if you liked.

Mrs Rivett Carnac's
 collection of Indian
 Present-women's jewelry
 is now on view at
 the Imperial Institute.
 Mr Senior greatly enjoyed
 his day at Rushmore
 & said that its beauties
 & interests far surpassed
 the high expectations he
 had. I return to town
 on the 31st.

Yours very sincerely
 H. F. Billings
