

Ans'd.
Sept. 12/94.

21045

CITY CHAMBERS,
SALISBURY.

September 11th 1894.

Dear General Pitt Rivers,

As you will see

by the accompanying

note Dr. Ballard

proposes to take a small

party of the Museum

from the Infirmary

here to see you

Museum etc

Fareham on Friday

next: they will

leave here by the train

due at Fareham at

ten past and will

change the train to

King of the Sea and

to the Museum Hotel

where they will lunch

at one o'clock and ~~will~~

return after; they will see

the Museum and

leave about half past
five - time to catch
the night express train
to Salisbury. I have
chosen the Sunday route
as much the quickest
and cheapest way of getting
from here to the Museum
and back. I trust
we shall not regret
my arrangements which
you may have made it

for summer. Shall you be able
to give us a lecture at the
Bristol Museum
this winter?

Yours truly
Charles Darwin F.R.S.

The Canal,
Salisbury.

Sept. 10. 94

Dear Sir

I propose to
bring a party of
our Infirmary nurses
on Monday next
to see your museum,
King John's house, &c.

If you would allow

us to call at your
house — on our way
back to Lemby Station
would probably be least
inconvenient to you —
we should be ex-
tremely obliged to you.

I remain

Yours faithfully

James Kelland

General Pitt Rivers
