To General Pitt-Rivers,  
Rushmore.

Sir,

I wrote a brief note to Mr. Gray yesterday saying that I should be glad if you could make it convenient to see the N. G. Curios on Friday next. I trust this date will suit you.

It is rather difficult to quote a price for the collection without knowing if you would care for the whole or only part of it.

I should like you to see  
them first, and I do not  
think it will be difficult  
to agree about the price.  
If you purchase the whole,  
I think you will have the  
best new Guinea collection  
in England.

Our house is quite near the  
Church, and directly opposite  
the White Hart hotel.

I am,  
Yours faithfully  
E. P. Savage
