Mrs. Gen Pitt-Rivers.

Dear Sir:

In reading  
over "News & Notes of  
Foreign Interest" in a  
New York paper the  
other day, I read of your  
hospitality which had been  
extended to the people  
of Rushmore.

It seems one part of your  
park is called the Larmer  
Grounds, and as my  
great grandfather came  
from England and his  
name being the same,

I wish to know if there  
are people residing there  
yet by that name.

If it is not asking too  
much, I would like to  
know why these grounds  
were called by that name  
and a little history of  
that family.

I intend to pay a visit to  
England in the near  
future, and would be  
delighted to walk over  
the grounds which may  
one day be mine.  
I hope you will excuse

The liberty I take in  
addressing you, remains  
very respectfully yours  
James E Larmer Jr

My address is as  
follows:
