Dear General Pitt Rivers,

Your recent command
Mr. Mann has applied for my
place as coachman, and I should
be much obliged if you would
kindly tell me whether you
consider him a suitable person
to be so, and a good driver.
Yours truly

Enough my own knowledge (which
has been with me almost ever since)
has come into a small fortune
through the death of an uncle in
Australia - an instance of
'successful colonizing'. I hope
that the same application
will not incommence you.

With kindest regards from, I'll send,
your truly
