Drizes

1 Dec^r. 1894

Dear General Pitt Rivers

Mr. Goddard has
believe written to you
about the pottery I send
herewith.

There is an immense
quantity of it in a field
near my house here -
and a quantity of bones

of ox & pig - it seems
to be all over the field
at a depth of between
two & three feet.

No doubt you can
throw some right upon
it.

I hope you are
keeping in good health
this winter
With kind regards to Mr
Pitt Rivers & yourself
I am yours truly H. Medlicott
