

sheet copper of the mountain
was traded to the Indians
by the Whites. My paper, I
think, puts an end to all
this; the conclusions being
pronounced by expert metal
urgists "overwhelming and
conclusive."

Trusting my report may
prove of interest I am

Very truly yours

Lieutenant General Pitt-Rivers.

Dear Sir,

I have recently
been doing some work in the
Peninsula of Florida and Mr
H. C. Mercer suggests that
possibly my report may be of
interest to you. I beg you to
accept it with my comple-
ments. I wish especially to
call your attention to my
monograph on copper. Certain
officials of the Smithsonian
Institution - desk-workers -
have maintained that the
