Dear General

When we met at the
Brit. Assoc. at Bath you were
good enough to hand over to me
your 2 big volumes ~~for~~ ^{for the}
Hartley Inst. & also ~~for~~ ^{for} myself.
I see that there is now a third
(? still bigger), & as I shall
bold to ask if you can
continue your kindness, at

all events of the Hartley
Institution.

Some little time ago I
was out pleased to see that
in digging ground at St. Catherine's
Hill, southward of Christchurch,
a barrow was being cut into,
of course destructively. Cannot
you hurl Jovian Thunderbolts
at the folk who do these

things?

With best wishes for the
New Year, Yours very truly,

W. W. Hartley
