

I cannot express  
my gratitude  
to you - for consen-  
ting, what will  
be an unalloyed  
boon - as the  
heart clapping  
when Mr Low  
dole spoke of  
it last night  
fully testified  
how we must  
raise funds & lay

Dear Genl Pitt Rivers  
I went over to  
Mr Creech & was  
met by him in the  
most charming  
frame of mind.  
As he came on  
unopposed pain  
& district committee  
He said the plot  
was not even  
mentioned

as one desired by  
the chapel people  
that he thought  
it a capital idea  
& that if your  
wishes were as  
stated in yr letter  
the matter might  
be considered a  
good as settled -  
& find that the  
pieces

mentioned - not in  
the petition - but  
in connection  
with it - were  
some - little women  
& the widows! who  
signed the petition  
mostly other people  
gardens or little  
plots of ground  
which I think  
the tenants will  
each take care  
to fight for!
