Dear General Pitt Rivers,

As I believe we agreed
that Lady Lubbocks picture
should not hang at Rushmore
I should rather like to
come to some arrangement
about it - & get it out
of your way. I suppose
you could for a time store
the frame & could take

the picture out of it &
send it on to me at your
convenience. I believe

I told you that I should
be content if you paid
me £30 for expenses incurred.

You will understand that
not having the £200 naturally
makes a difference to my
year's income - as I live
by my work & it took up the
best part of three months.

I have been thinking what

I could propose to do for
you & one thing I
would like to do would

be a head of your
eldest son. I think I

know him well enough
now to be able to go

straight ahead & do

a good likeness of him.

As you know £45 is ~~the~~ my

price for head portraits:

With best wishes for the
New Year from my wife &
myself.

Believe me very truly
Fred S. Beaumont
