Offa House

Wp Tooting

Mar. 4/95.

Dear Sir

I am very much obliged by the

Photographs <sup>of yourself</sup> you kindly sent me —

Your reference to photographs of the House

etc leads me to fear I did not make

my meaning clear. What I meant was

that if there were at Rushmore

any prints or pictures of the

"Worthies" in the list I sent you

I should be glad to know of them as

they may be portraits which I may

be unable to find elsewhere.

As yet the material available is rather  
scanty.

I am dear Sir

(Wv is faithfully & oblig'd)
