Dear General Pitt Rivers,

with regard to decorating the
Larmer tree Theatre - I called on
an old fellow ^{academy} student - & who has
had some experience in the sort
of thing you want - having had
"odd jobs" at the Lyceum under
James Craven. He would like
to send a design for your approval
which you could accept or not

as you liked. For this he
needs the principal measurements -
-the height of arch from stage floor
-the width etc.

His name is & address is

W. H. Margetson
7 St Pauls Studios
West Kensington.

Should you prefer writing direct
to him. I think he is the
sort of man you want. He has
ideas & is quite capable of
carrying them out & is a nice

fellow - a son in law of Joseph
Hatton the Novelist.

In any case I am quite
sure he would not spoil your
building.

Believe me to be

Yours faithfully

Edw. S. Beaumont
