

1, Raymond Buildings, Gray's Inn,

London, W.C.

March 14th 1895

Sir

At Mr Peacock's request I write to you, as I understand he has referred you to me with regard to his personal character.

I have known Mr Peacock, as personal friend, for a great many years (fifteen or sixteen I believe) and feel assured that in this respect he will give you every satisfaction.

You may not remember my name, but I was engaged in 1885 under Mr Philip Webb Architect, on the work connected with the Gates to Rushmore Chase -

I remain

Sir

Yours faithfully
George Jack

General Pitt Rivers.
