

L297

Dushmore
Salisbury
Mar. 14/95

Sir, Your drawings appear to be satisfactory and your having been in the Royal Engineers is an additional point in your favour. So that if your testimonials are satisfactory, I shall be disposed to engage you.

Please to send to me any testimonials you may be able to get, as to conduct etc, and if you have your discharge from the Royal Engineers I had better see it.

You will understand that as you will have to live in the house, and have your meals in the Housekeeper's Room, the necessity for testimonials, is of greater impor.

tance, than if you were merely to be engaged on the job.

Yours &c.,

A. Pitt Rivers.

W. A. Peacock.
