My dear Father

I wish we could get
a letter more individuality it
is a great one always getting
mixed up with S^r John
& I wish I could get called
my proper name. I saw in one
of the local papers I was
put down as W. P. Fox -
Of course the plates of the
Idea should radiate from

the top down with the sides -
I have been written to Blount
for my picture, he wants
me to stop or till it is
finished, he hopes to make
a good thing of it -

Your affectionate son
Alfred Pett
