My dear General Pitt Rivers

I am rather
anxious to know how
you are after the winter
of unaccounted severity I
expected for March - or
Reindeer & Lemmings or
our down. They would
have migrated down to
us had they been as
numerous as they
were before the saturation
water had I was
had brought them to
the present low level.
Fortunately you take
more care of yourself

What you used to do I
 have much incomplete
 work in hand. & I trust
 when the ham arrives
 series you will be able
 to go on developing the
 hidden treasures among
 Beesham.

I have just returned
 from Bath after a
 fortnight rest much
 which has not done me
 much good. In fact it has
 too short a time, but
 it is difficult to get a
 health & age with business
 I took the opportunity of
 writing up a paper on the

Footprints of an Iguanodon
 done on some slabs of
 Portland stone from
 Dorset which I hope
 will interest the members
 of the Inst. (had at our
 Anniversary meeting)

I am also collecting material
 for the paper on the Pylae
 Pottery & Norman pottery
 interments chiefly. I
 have enough relics to
 fill two plates.

I have also secured
 services to attend Combe
 Ditch unless three dead
 times taken the last five
 out of my pocket. We
