My dear Father

I think as I have had nothing to do with the singing stand & should not care to own any of it as my work I would rather Douglas tried to finish it, I do not feel as if I could do myself any credit by taking it up. I don't see that Beaumont in his letter says that he is charging 170£ for my picture but it seems to me that he wants to charge

You £170 for Alice + mine -
I don't know what arrangements
you made with Beaumont
about the cost of the picture
I know nothing about it & Beaumont
has not said anything to me -
but I remember at Rushmore
telling you when you asked me
that Beaumont proposed doing
a 3/4 length - I was certainly
surprised at the tone of his
letter so suddenly but I suppose
he's feeling hard up

he has nearly finished the
picture now as I sat every day
last week -

Yours affec^t son
Alice Pitt.
