HINTON ST MARY
STURMINSTER NEWTON.

March 31

My dear General

I remember your
saying that you once thought
of building a house on the
top of Piddles wood -
which would be a splendid
site - Do you still feel
inclined to do so? We
cannot hear of a house
in these parts & do not
know where to go - If you
built a house in Piddles
Wood, we should very much

STURMINSTER NEWTON
FIFTH ST. N. Y.
like to be your tenants -
It would be a good investment -

Shall you be at home on
Thursday next - when
we could come over to
see you — With my
Kind regards

I remain

Yours sincerely
J. Meusel
