Mr.

If you are still in want of a lot I will let me know the kind of one would suit you height colour &c. I am often in Devon & Cornwall which is I think the best place in England to get one from, tho even there they are scarce. I will do my best in trying to buy one of course not for you to have unless you like him. I had a nice one the other day but I had promised the offer of him

to Mr. Morrison of Fonthill
 they to remain for
 Yours most resply.
