Dear Sir

I venture (though with some diffidence) to write and ask whether you will do me the favour of allowing me to print your name as a subscriber to my forthcoming "Archaeological Map of the Downs of North Wilt", and "Guide to the British and Roman Antiquities" of that district?

I am anxious (if possible) to secure the support of all the more influential landowners of Wiltshire, and I am especially desirous that the Marlborough College authorities

who have come forward in a more
spirited manner to publish the work
shall not be pecuniary losers thereby.

On these accounts I have taken the
liberty of addressing you as above.

Believe me

Yours sincerely

A. C. Smith
