Dear General Pitt Rivers
Thank you very
much for the kind offering
in an account of Wiltshire
Cattle which you made
so interesting and attractive
at our Rurasmus Society
which I think I told you
in my last letter how so
appreciated by saying the
a copy of this book will
be of great value to my
forth coming Volume. If it
is possible to add a plan
of the cattle & investigation

from the manuscript
section which was exhibited
in the Hall of the Library
I would have it lithographed
and appended to your
and appended to your
paper. We are ambitious
enough for any thing we
I think so important as
subject as this ought to
have a wide circulation
than that of a small
Society like ours. I'm very
pleasant visit to Durham
I have been in the work
out in our domain for
some field for explanation
the coming winter. I'm

time as you tell me must
be largely taken up with
the duties of your extensive
property. I recollect I used
to from Rev. Dr. & Burdett
friends took - for with
to South without I could
sing of it. Beginning with
the Church through the
Sturminster Newton. I recollect
Park (Cherbury). I recollect
de. de. In my smaller way
& County Work. I find little
time for I recollect. The Volume
is getting on. I have sent the
Andrew's interests except
