To General Pitt Rivers

I send you by this
post sketches for your
approval, a second
one of the garden scene
so designed as to bring
in the door of entrance -
as regards the interior
I have not been able to
find any authority for
interlaced arches in that

Nonconsequence work, but
I dare say you are right
in your suggestion, and
I don't think anything
else would come so well.

I shall be pleased to
undertake the work, and
execute it to your satisfaction
& in accordance with
the designs submitted.
on the understanding that
all ladders, steps &c
to enable us to get at
the work be provided for
us - the price for the
completed work will

be one hundred & thirty pounds,
£130 = if convenient.

I will bring my people
and material Monday
next & start on the job
at once -

I forgot to ask your Carpenter's
name. I shall be obliged
if you will give it me
that I may make some
arrangements with him.

Apologizing for being so
long with the sketches
but my place has been
partly burnt by a fire
occurring next door, which
