7 Kempford Gardens,  
Earls Court,  
S. W.

7<sup>th</sup> May, 1895.

Sir

Yours of the 4<sup>th</sup> duly received  
in reply wish to say that I will  
make a drawing in the museum  
of some archaeological specimens  
or you being an archaeologist will  
know of some particular specimen  
which if you like I will do as  
well; so that you will then have  
a proof of my ability in that  
line of work.

I don't think I told you that  
I am a qualified artmaster I  
have got my certificates from the  
Department of Science & Art which  
is a guarantee that I have had a  
proficient scientific training as  
well as artistic

I need hardly say that I will  
do my utmost to give you full  
satisfaction if you should employ  
me in your archaeological work.

I remain yours faithfully

E. J. W. Johnson
