

Could see these Evolutionary sets.

Mr James came to see respecting  
purchase for Maidstone Museum  
but as I feel I he thought  
there are certain groups which  
should find a resting place  
in your Museum.

I remain, Sir  
Yours &c  
B. Harris

Gen. Pitt Rivers

Sir

The box sent  
was mainly to introduce  
the first specimens as  
you were keen on having  
specimens put in place.

Being found under the auspices  
of B. also I am unable  
to part with these until  
I know how many will be  
claimed by the Committee  
These work or find use  
of these prepared & will  
try to arrange

41272

I am however desirous to  
dispose of some found  
on the old platoon  
grave beds. I should  
you feel disposed to  
take a series. I shall  
be pleased to supply -  
then later on can certainly  
supplement by some  
fit specimens.

Since writing Mr James  
has been here & spent  
5 hours in my museum  
& several times remarked  
I wish for Pitt Rivers

Catalogue  
and Implement  
returned.  
May 16/95.

(L1277)

Higham Kent  
May 15 95

Genl. Pitt Rivers  
Sir

An early return  
of Catalogue and implement  
will oblige, as I am daily  
expecting a letter which  
to have everything in  
readiness

I remain

Yours respectfully

B. Jamieson
