To Gen Pitt Rivers F.S.A.

Dear Sir

In writing an article
for the "Antiquary" on a Rom-Brit
Village in Bedfordshire; I am
desirous of ascertaining whether
sockets of Deer-horn for hafting
'Stone Celts' such as are commonly
found in the Swiss Lake
Dwellings & of which a fragment
has been obtained from the
above site; are of rare
occurrence in this country?

One was found in Wychwood
Forest some 40 years since;
& 20 years ago Sir John Evans

spoke of them as extremely
rare in this country.

I should feel obliged if
you would kindly let
me know if any British
examples have come under
your notice.

Faithfully yours

F. Ellis.
