

Oliver House, Weymouth

May 27 1895

(L1292)

Sir, I beg to thank
you for the reply relative
to my letter about making
a search in the area of the
stone circle near Kingston
Russell. Your reply was
too late for the annual
meeting of the Field Club
- May 14th, & I very much
regret it, as it appears
to me, a more interesting
research could scarcely

MAY 27 1895

be made.

You could of course I
fully know get the Daker
consent, by the Board of
works also; if I had
the permission, I would
try to open the place
when I could, but my
strength of power is
not what it was.

I beg to remain

Sir

Your Obedt Servt
