Dear General.

Knowing of yr Collections
I wish to write to you if you
will allow me on a N. Zealand
subject.

I was out there whilst
Lattooog was still in certain
use, and drew a great number
of portraits &c. particularly
then tracing carefully all
patterns of their faces

I would like to copy
such as are in yr museum

Could I know how many
there are in care I ran down
to Salisbury. as I am going
great pains to the book I
am preparing on heads &c.
already approved

of G. S. Grey
J. Lubbock by letter

I would give a good deal to exchange for a
head. I took a freestone mine in the war
+ 4.66 & have another - some times etc. I
must approach you this way, but if you know
of the possessor of a head I wd be pleased to
hear for reason I want such to copy & I
& would give value in any way
- An answer at yr leisure would please

I am,
Yrs truly
H. C. Robley
