Dear Sir

I am writing to ask you, if you have any pamphlet, or leaflet, or Guide Book relating to the interesting improvements and recreation grounds for the people, that you have made in and around Sollard, as well as to the Museum, that you could favour me with, or lend me, for a short time? as, I want to refer to them in connection with a subject that, I am about to report upon in one of the London Weeklies,

and I want to be careful
to write nothing but what
I know to be true.

And will you kindly
let me know if you see
any reason to conclude that
the newly created Parish
Councils will have any
influence in keeping
the people from seeking
Employment in our large
towns and cities?

I take the opportunity
of expressing my obligations
for the courtesy I have always
received from you when at

Rushmore, as well as my
appreciation of the great
boon, you have conferred
upon the poor people of
the village, by your
munificent and refined
taste, and
remains.

Yours faithfully
James Marshall
