11355 Hotel Belvédère
Vevey
August 10th
1895

Dearest Papa.

I have just
got your letter of the 4th.
I am so very sorry to hear
you have not been well
those sort of attacks are
most unpleasant, and I
was hoping you would have
no more as you have not
had them lately I hope
you will not have another.
I bought you the musical
chair it was 65 frs also

a musical mug and
they have both been sent
off. The steel lead dress
pin and necklace I have
with me I have tried to
get an anvil here but
not yet succeeded but
am going with the Landlady
of the Hotel to some Jew's
house and will try there
I suppose a doll would
not suit you with the
Berm dress they are quite
correct as I have looked
at them well and they
are exactly like the

whole costume the women
wear I am afraid we
must give up Berm but
I could get a shop at
Lucerne to get me the
chains they are worn just
like yours little drawing
hanging under the arm
to the waist 4 or 5 chains
from a round ornament

about this size
which fasten on
to the shoulder
back and front.
the chains go
from front to
back hanging in
loops.
