Grafton House
Waustead

xxi Aug: 95

Dear Sir,

I received the box
safely this morning; and
would now thank you much
for having so kindly noted the
various pieces I sent; and
also for the sketch of the
triangular brick you enclosed
This is new to me, and I
think with you that some of
the pieces are of this character—
I took them to be corner pieces of
"Doubt."

Yours faithfully
Walter Couch
