1895

Dear Sir

I find my present state of health prevents me from spending more than one hour at a time. I find also that it is not yet permissible for me to sleep away from home. Hence I am forced to come to Blandford by the train arriving at 10.57. Dr. Peves & I will spend 1 hour there and then go to the inn to lunch. We will return at 2.15 and start for Blandford at 3.15 to catch the 4.55 train. I am sorry that these weaknesses of mine should prevent me from having the pleasure

of making your personal acquaintance  
but this first visit will familiarize us  
with the specimens & I hope to return  
another day to see the rest of your  
Collection & the grounds.

I have not met Canon Wilberforce  
but have admired his outspoken  
letters on the Beer Question

Yours truly

Justin C. Ross
