Sir

I have several specimens of Roman Pottery, & sundries I found some time ago here, in an old Kiln. I may mention that altho' a variety of shapes, nothing is whole.

If you would care to drive over & see them, I shall be happy to show, or.

If you think any good
enough - give them to you.

If you think of
coming, may I ask if
you will kindly write &
appoint a day that I
may be home.

I am Sir

Yours obediently

John H. Jones
