

To Mrs Worcester

L1405

Amesbury

Sept. 25/95

Dear Sir

I wrote to you last night from Andover, but as it was too late for ordinary mail I forwarded it by railway, so that it may not reach you till Thursday.

I am leaving Andover today and shall be at Amesbury for a few days, but could come down your way any day this week or Monday. I am leaving instructions for telegrams to be sent on to Amesbury in case you have wired to Andover after I have started.

Yours Truly

Edward A. Downman
