Fisbury

Novr 1st 1895.

Dear Sir,

I trust you will
forgive me if I ask
your kind help in
an undertaking the
object of which is to
improve the young
girls around us.

We intend commencing
a course of instruction
in Cookery and have
made arrangements
with the Lady Superintendent.

of the Ironbridge College
for the education of
women to have a
lady competent to teach
the children sent to us in
January. We intend
carrying the work on
after the lessons of
this lady are finished
so that our young girls
henceforth shall be
better fitted to go out
as servants. The expense
will be about £20 to
set us going on a good
footing. The Government

grant in our case can
only amount to about
£4 so I am trying to
get a few who are
interestedⁱⁿ the general
welfare of others to
help.

Trusting I am not
asking too much

I remain

Dear Sir,

Yours respectfully,

Sister Gabriel

Sister of Charity.
