My dear Pitt-Rivers

I return your certi-  
ficate, signed by Beale &  
myself. I should think he  
would be a desirable candidate.  
I have seen through "by."  
as it is unknown & might  
do him harm; it is moreover

an addition.

I am very glad to hear  
that you have recovered &  
are able to do work  
again. Do however be  
careful, as the weather is  
very treacherous. I have  
only had one & went to  
Brighton for a week & feel

much better

Yours truly

A. Wolleston Frank
