Dear Sir,

I have been asked by  
the publishers of Chappin  
"Marks & Monograms" to edit  
a new edition and I have  
undertaken the work.

If you have a catalogue  
of the various specimens of  
Pottery in your Museum  
perhaps you will let me  
have it - and if as I think

212  
WASHINGTON

you have written on the  
subject of Ancient Pottery  
perhaps you could let me  
see whether I can glean  
any fresh information therefrom

I know that you have taken  
a great deal of interest in  
the subject & perhaps would  
like me to refer some of  
your specimens.

My business address is

2 m 20 Empire Building  
No. Shaftesbury Avenue  
where I shall be glad to  
see you if you have the  
leisure and inclination to  
call

I am Dear Sir  
Yours faithfully  
Joshua S. S. S.
