Dear General Pitt-Rivers,

I hear from my daughter
Flouca that your golf links are nearly
completed - and I cannot help writing
you a line to thank you for your
great kindness, in providing the
neighbourhood with such a great
acquisition - We are going away to
Wanier soon - Jersey - St. Helms
in Feb
for

two months, and if you would
like it, I think I could get
George Hutchinson (a great golfer)
to come from in May, and give
an exhibition of his prowess in your
links - perhaps you would let me
know, as he is a difficult person
to secure.

With kind regards to Mrs. Pitt Rivers

Yours truly
Horsburgh
